PREFACE

Budi Susatia, S.Kp, M.Kes

Director of Politeknik Kesehatan Kemenkes Malang

Assalamualaikum warahmatullahi wabarakatuh, everyone!

First of all, I would like to greet dr. Kirana Pritasari, MQIH as a Head of the Indonesian Health Human Resources Development and Empowerment Agency. Also to the honorable our Expert Speakers from Malaysia, Thailand, Jepang, Indonesia, Brunai Darussalam, and from Poltekkes Bandung, Tasikmalaya, Jogjakarta and also Malang who are very impressive today. Also to all of audiences at zoom meeting today who can't wait to get knowledge and many ideas from our speakers.

In this year and still with the Covid-19 pandemic, there are many models of seminars or conferences that have been changed from offline to online. Just like what we did today, we meet virtually at the 4th International Conference on Food, Nutrition, and Health. This is a real evidence for us that even though we are still in a pandemic, we are still productive and not tired of keep learning.

With 4th International Conference on Food, Nutrition, and Health that going on today, I hope this will bring a lot of benefits to all the audiences. This is also a very good opportunity for all of us to build or establish our international relations, collaborations, and partnerships.

Thank you for the time to me. And once again, thank you to our international partners, lecturer and students from Politeknik Kesehatan Kemenkes Malang who made this conference happen.

On behalf of Health Polytechnic of Malang, I welcome all the speakers, participants, and guests to this forum. I wish you all an inspiring and a productive conference.

Thank you. Wassalamualikum warahmatullahi wabarakatuh.

TABLE OF CONTENTS

	<i>Page</i>
Cover	i
Preface	iv
Table of Contents	v
 SPEAKER	 1
 ORAL PRESENTATION	 24
NUTRITION & GENERAL HEALTH	25
